THE ASSOCIATION OF CLAIMS PROFESSIONALS (ACP)

WHAT IS ACP?

The Association of Claims Professionals (ACP) is the collective voice of the claims adjusting industry.

- ACP companies are leaders in the claims management industry.
- ACP's mission is to be the most recognized, influential, and trusted industry association stewarding the future of the claims management industry.
- ACP's vision for the future is as a claims management industry that's viewed as a trusted advisor and business partner by its customers and as a helpful and caring frontline responder by claimants.

WHO SHOULD JOIN ACP?

ACP members are independent claims adjusting companies and third party administrators.

BENEFITS OF JOINING ACP

The Association of Claims Professionals (ACP) and its members share a commitment to advance the goals of the claims profession and ensure a strong future for the claims industry.

- ACP helps its members attract the next generation workforce by emphasizing the claims industry as a desirable 21st Century career opportunity which offers attractive prospects for growth, challenge, and earning potential.
- ACP enables its members to work collaboratively with public policy makers at the state and federal level to resolve legislative and regulatory issues affecting the independent claims profession. ACP supports claims adjuster licensing reform necessary to meet the needs of claimants and customers alike.
- ACP provides its members with research, education, and professional resources to drive the growth and professionalism of our industry
